

THE PINES GOLF COURSE 2023 LEAGUE POLICIES

Thank you so much for choosing The Pines again this year for your league. We look forward to serving you this year. You will find most policies unchanged from prior years, but there will be a few important changes which will be highlighted below.

?

- All league greens fees must be paid in full on Week 1. Cart fees can be paid weekly or in full.
- We will no longer be charging \$40 league fees for leagues not managed by The Pines
- Leagues must tee off during their allotted tee times on league night.
- League make ups must be played with competitors for that week. No matching cards without approval from Golf Shop.
- League make ups can be scheduled Monday - Friday. Back 9 tee times can be made 2 days in advance.

League fees for league players will be \$12 per week and cart fees will remain \$12. Makeup rounds can be played on weekdays (Monday - Friday) only. The Pro Shop Staff, in conjunction with the league secretary, will determine if league play will be rescheduled due to weather or golf course conditions.

All league players will be entitled to the following once paid in full:

- \$8.00 for 9 holes with or without cart played before your league (on your league night only).
- Free play with or without a cart played after your league (on your league night only). Must check with pro shop staff prior to going back out?
- \$24.00 anytime for 9 holes with cart.
- \$15.00 anytime for 9 holes walking
- \$20.00 anytime for 18 holes walking
- \$34.00 anytime for 18 holes with cart
- 2 complimentary 9 hole rounds
- League food and drink specials throughout the week

All play will start from the #1 or #10 tee. Any deviation must be cleared with the Pro Shop. Practice must be on the driving range and putting green only unless you have cleared another arrangement through the Pro shop that night. We require league players teeing off within their allotted tee times, no groups can tee off before or after on their given league night. Given unusual circumstances, especially bad weather, we ask the league's cooperation in working with the Pro Shop to accommodate all players.

Thanks,

John Sommerville
